

# João Dias

## Front-end developer

### I make stuff for the web.

I'm João — a developer based in Coimbra, Portugal.

I've been working in this industry for over 10 years and now mostly specialized in front-end development, web accessibility and testing for all kinds of screen sizes and users.

Feedzai is where I work since 2019 fighting the good fight against financial fraud but I also enjoy my side projects.

### Experience

*Senior Front-end Engineer*  
2019 - Today

#### **FEEDZAI**

### Others

Besides taking the time to learn new skills every week, I also enjoy spending family time -- specially with my son -- as well as the usual workout and rocking out to some good rock, metal and other types of good music.
