I create great, accessible and rich web experiences for everyone. I've been fortunate enough to have been doing that since 2011.

Besides working as a Senior Front-end Engineer and web accessibility advocate, I also teach web development classes on the Polythecnic Institute of Coimbra. (ISEC)

On my free time I usually go out and explore the fantastic world of craft beers, rock out to some great live music and hit the gym whenever I can.

Experience

ISEC
Assistant Teacher
2022 - Today
